

## **MetraTech Shortlisted Again for Prestigious Telecom Award**

### **Company Named as Finalist for Telecom Asia BSS Vendor of the Year**

**WALTHAM, Mass. and SINGAPORE, October 20, 2009** – MetraTech Corp., the innovative charging, billing, settlement and customer care product provider, received another high profile endorsement from the industry when the company was today nominated as a finalist for the prestigious Telecom Asia Readers Choice Award for BSS Vendor of the Year. This significant achievement was gained almost exactly one year after MetraTech opened its first office in the region in Singapore and underlines the impact the MetraNet product is quickly making in the Asian market.

The Telecom Asia Award winners will be announced in Hong Kong on December 11, 2009 in recognition of the top telecom vendors operating in Asia Pacific. Nominations were open to analysts, consultants and high-level telecom executives in September. A total of 56 telecom insiders submitted more than 1,150 nominations, of which an expert team then narrowed down to a shortlist of finalist nominations.

This recognition continues a trend of industry recognition for MetraTech. Earlier this year, the company won the Best Overall Award at the 2009 World BSS Awards.

Speaking about the Telecom Asia nomination, MetraTech CEO Scott Swartz noted, “There are few things more satisfying to MetraTech employees than learning that a panel of our peers and experts in the industry has rewarded our collective efforts. Industry recognition for the dedication and commitment of our team as well as the quality of our product provides a huge incentive for us to continue driving innovation in the BSS space.”

Swartz added, “It is particularly pleasing to win an award in a region in which MetraNet is poised to unlock the potential to innovate for so many businesses. This achievement is validation that Dynamic Business Modeling has the potential to create real opportunity for industry leaders in the Asia Pacific market.”

#### **About MetraTech**

MetraTech Corp. offers a new approach to charging, billing, settlement and customer care enabling organizations to embrace change without compromise.
